

Master STEP, IPGP, Paris. Frontiers in geosciences class, 21/03/2008.

CCS economics & acceptability

Minh Ha-Duong
CIRED, CNRS

haduong@centre-cired.fr

Acknowledgements

- METSTOR project: ADEME
- SOCECO2 project: ANR

Colleagues at IFP, BRGM, INERIS, Gaz de France, Total, IPGP, CNRS and more.

Outline

1. Costs
2. Acceptability and risks
3. Socio-political opinions in France
4. Efficiency of storing in leaky reservoirs
